

Lakelands School Rules- COVID-19

All of the normal school rules and expectations will still apply with the following additions, which are to make sure **everyone in our school community can learn and is as safe as possible**. We have 4 Lakelands 'non negotiables', that we should all be SMART, SAFE, RESPONSIBLE and KIND.

Some of the new rules will make some aspects of learning and your wider school life more challenging and we will all need to work together for these new measures to be successful.

Social distancing and moving around site

I will:

- ... respect the personal space of other students. I will give them as much space as possible in lessons, around site and at social times.
- ... respect the personal space of all staff in the school. I will avoid going near to teachers and other adults.
- ... remain seated and face forwards in my lessons and avoid being face to face with other students.
- ... remain within my year group bubble in the designated areas at social times and in-between lessons
- ... not mix with students from other year groups at any time in school. If I see them around site I will not stop and interact with them. I will move away promptly.
- ...only use the toilets within my designated time or when given permission by staff.
- ... follow the one way system.
- ...arrive at school at the correct time and not congregate with students from other year groups. I will move straight to my tutor line in my year group holding area.
- ... leave school promptly at the allotted time for my year group. I will not wait for students from other year groups.
- ...follow all of the Transport expectations for pupils returning to school in September if I travel by bus or taxi.

Hygiene

I will:

- ... wash my hands when directed, using the wash stations provided and by using the sanitiser provided, when I enter and leave any classroom.
- ... work with my teachers to ensure the process of cleaning my area in the classroom is completed at the start/end of a lesson.
- ... cough or sneeze into my elbow or a tissue. Remember. 'Catch it, Bin it, Kill it' and I will avoid touching my mouth, nose and eyes with my hands.
- ... **NEVER** deliberately cough, sneeze or shout directed at anyone- staff or other students.
- ... not spit.
- ... make sure I am fully equipped for all of my lessons. I will not be able to borrow equipment from any other students.
-tell a member of staff if I feel unwell and are exhibiting signs of Coronavirus.

I understand that the rules set out above are in place to ensure **the safety of all members of The Lakelands School community**. If I choose to break these rules it will be taken incredibly seriously by the school. The Covid behaviour policy addendum on the school website makes it clear that any conduct which deliberately breaches our 'keep safe' protocols, will result in serious sanctions, from being removed from the classroom and up to, and including exclusion. I may also face being refused a seat on a school bus or taxi if I break the school transport protocols sent to parents and displayed on the school website.
