\*The final confirmed data is not expected to be released by the DfE until February 2026. As such, this data reflects prior releases alongside successful re-marks that we have had confirmed. This data will be updated here, as appropriate, once the data is released.

\*\*Not yet published. However, the figure quoted is accurate based on data provided by Shropshire Council. The DfE figure that will follow does not currently include students who have progressed to post-16 education beyond England (a high percentage of our students opt to study in Wales) so may appear significantly lower than this.

### **Notes:**

All GCSE subjects are graded 1 to 9 with a 4 equivalent to a C and designated as a Standard Pass. A grade 5 is equivalent to the top part of a C grade or the lower end of a B grade and is designated as a Strong Pass.

**The EBacc** – this measure recognises students who achieve at least a pass in all of English, Maths, Science, a Language, History or Geography

**A8 score** – the point score achieved by students on average across their best 8 subjects. This is calculated by adding up the points for their best 6 subjects plus English and Maths whose scores are double-weighted.
